**3580 Main Street, Suite H - Hartford, CT 06120**

**9:00 am - 4:00 p.m.**

**\$65**

**6 CE  
Hours**

**Competency based supervision describes a transtheoretical approach that has been the gold standard in overall clinical supervisory practice for nearly two decades - the SUD field has lagged behind others in this regard. The competency-based approach offers clear training goals that organize and focus the supervisor's attention where it's needed most.**

**To Register: <https://www.ctcertboard.org/ccb-training-series>**

**Perfect for both new & seasoned supervisors as well as those with an interest in clinical supervision**
