CEO's Report  
Board of Directors Meeting  
Bridgeport, CT 03/14/24

Firstly, I wish to welcome our newest directors, Dr. John Watts, Director of the Criminal Justice and Restorative Justice Program at the University of St. Joseph and former Lead Probation Officer in New Haven for the State of Connecticut, and Kimberly Platt, DARC Program Director for the Connecticut Community College, Manchester Campus. Both are well informed on the work of the CCB, as Dr. Watts holds the first CCJP ever offered by the CCB and spoke at our 2023 Conference, and Kimberly worked alongside Rick Fisher for years in the DMHAS training and Education/Workforce Development Office. I am excited for both to join our team.

Our June meeting will be the last for Christina Cipriani as she has served the CCB even beyond her available terms (extended one year by a vote of the Board of Directors in 2023). That will also be Amy Sedgwick's last meeting as President and she will move into the position of Immediate Past President for one year. Jennifer Kolakowski will be completing her two terms as Secretary and will move into an at-large role for her final year of service. I am incredibly thankful to both for the leadership, guidance, support (and even the occasional reality-check) over the last 4 years.

Jennifer Valva will move into the position as Chair of the Ethics Committee and we are looking for volunteers to take on the role of Programs & Services Chair. This position requires the Chair to organize and oversee monthly meeting, including setting the agenda and ensuring that any deliverables are completed.

As the Awards Presentation approaches, there is much to do. We will discuss these needs further later in the meeting. A keynote speaker and the honorees have been selected based on the nominations received and will be identified later in the meeting as well.

We have several projects either in the works or on the agenda for 2024 and beyond, including the following. Please note that the need for such, as well as partnership in development was brought to us by industry leaders. The CCB may take a leadership or participatory role in any of these efforts:

- 30 hours of virtual supervision training, designed to meet the educational requirements for the CCS credential, in development for TPN.health;
- Development of a professionalism training program for peer led agencies;
- Certificate of competency in recovery coaching for psychedelic assisted treatment;
- Leadership training program for the Prevention field to help reduce turnover in grant funded positions and increase continuity throughout the continuum of care

In addition, given the success and ongoing interest in our book discussion group, I encourage any director interested in reading and discussing a book related to the field to lead a group for the CCB. The attendees overall seem to enjoy a discussion of issues where there may be different views and seem to like the ability to express themselves freely. I am looking for one for the quarter ending on June 30.

I appreciate your continued commitment to the CCB.

Jeffrey Quamme

Finance Committee Report  
Board of Directors Meeting  
Bridgeport, CT 03/14/24

As we near the end of the 3<sup>rd</sup> quarter of FY 2023-2024, our cash supply is limited (not unusual at this time) and we will invoice DMHAS for our final disbursement of the FY on March 31. We are in the rare position of actually having an account payable that is significant (Schroeder Measurement Technologies, \$14k) that relates to the DMHAS peer project.

The budget numbers for the year are attached. At present, we are sitting at a \$27,777 loss, which includes an expected \$29k in income from the DMHAS peer project which will be pushed out until the next fy as the process is taking more time than expected. This mitigates it somewhat, but we are looking at ways to reduce expenses, including not renewing our annual contract with Federal Policy liaison for 2024-25, saving \$10 k.

The Executive Committee has decided that the CCB will formally request an increase in our funding from DMHAS. Our current funding level of \$130k has had no significant change since at least 2013 (most likely around 2010), with a loss of buying power of \$41K or nearly 32%. We will put together the data and make an appeal to the Commissioner's Office.

We, as representatives of the CCB, must make a commitment to the fiscal responsibility we share to the organization. Every individual has a role to play from fundraising for the Annual Awards, helping to market CCB products and services, and even donating your time and expertise to hold trainings with proceeds going to the organization. We all must play a part in whatever role we can.

The reality at present is that we sit on tenuous ground financially for the next month, with the opportunity to make significant change to that by marketing our Annual Awards. Our estimated spending on the event sits at about \$12,000 total. With effort, we can make the event profitable.

Thank you

# Connecticut Certification Board
